Church Planting

Disciplining

Training

SEPTEMBER 2023

During the first week of this month, my wife and I went to Montería. This trip had three purposes: To find a school where to enroll our daughter Dayra, to look for houses for lease, and to see the availability of commercial offices for lease, also. We found The Lighthouse Christian School for Dayra to attend. The school not only have a Bible based curriculum, but tuition is affordable (\$160.00 per month); however, the enrollment fees will be around \$600,00. Houses and offices for rent are available. September was another month of traveling due to our

deputation. We are so thankful to all the churches and their Pastors that have giving us to opportunity to come and share with them our call from God to the city of Montería, Colombia.

We visited the Missionary Baptist Church of San Antonio. Pastor Daniel Barrera was very gracious to allow me to speak at both

services. In Arkansas, we visited Des Arc MBC in, Utopia MBC and Corinth MBC in Cave City, and Peasant Valley MBC in Batesville, additionally we attended the local associations of Clark Pike, Lonoke, Spring River, and Macedonia. Our deepest gratitude to the churches that have already added us for a monthly support.
