Greetings from Bro. Livingstone Lambert!

My family & I are doing well as we continue with the work of the Lord here in Tanzania. I pray all of you are doing well. Thank you once again for your uplifting prayers in the loss of my father. I'm happy to report that all mission works are all doing well.

- **Bro Jackson & Manderu Mission – Manderu!** This mission work continues to grow. Bro Jackson baptized 4 new mission members in February.

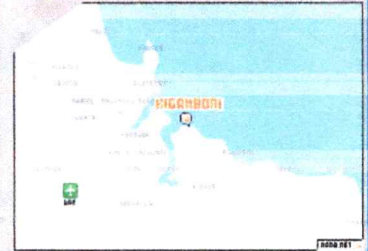

- **Landmark – Kilemera & Bro Clarence** is also doing well. Two people have recently given their lives to Jesus. May the name of our Lord be praised.

- **Bro Peter & Zion Mission – Munguwatosha!** As we stand in awe, 4 more people have received Christ. This is the village that was once ruled by Muslim beliefs & now the village is continuously changing. Our greatest joy is that Muslims are being saved. We had a very fierce spiritual battle in this village, but none is greater than the Lord, & we have witnessed His victory!

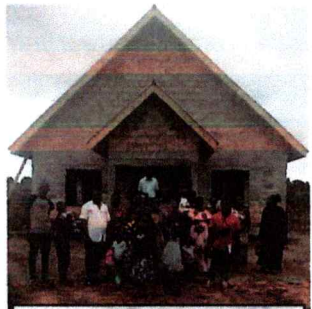

- **Bro Charles & Victory Mission – Pangani!** This is the area where we are currently building a church building. The construction is progressing well & the members of this work are very grateful and extend much gratitude. They have been meeting under a tent for a long time & are now very joyful for their precious building. Recently 2 people have given their lives to the Lord

- **Reconciliation MBM & Bro Vitus in Kigamboni!**

Kigamboni is on the ocean side of Dar es Salaam & Bro Vitus & the people there continue to look for land to purchase. They are currently challenged as they meet in a rented place out in the open. They have had 6 people join them in the last 2 months. Please be in prayer for them.

- **Power MB Elementary School --** We currently have 205 students enrolled in our school. This is a great blessing, & the school is very helpful to our children. Many are less fortunate, & we are grateful to those of you who help our children through the Adopt a Student Program! This program is \$45 a month & pays tuition, provides 2 meals a day & uniforms.
