## MARCH 2025

**Historic Tornado:** No one in Cave City has any memory of a tornado ever occurring within the city limits of Cave City before March 14, 2025. God blessed our community with no fatalities and only a few injured, although there were many flattened and severely damaged homes, business and churches. Our sending church, First Baptist, was among those buildings badly damaged as the pictures below reveal. Pastor Canard, I and our church family appreciate the messages, calls, cards and financial support, as well as the volunteers who came to help with the cleanup. God's people are incredible in their compassion.

**Great Trip to Monteria, Colombia:** I loved being with the Sanchez family and their church family in March. They were excited to get their first supply of Spanish *Character Code for Life* curriculum and Spanish Bibles. Brother Sanchez has been an incredible blessing to ICP, having done all the Spanish translation of CCfL curriculum and Lord of Kings VBS at no charge. Please pray for the Sanchez family and the ministry of First Missionary Baptist Church of Monteria. Also, Brother Edgar Rubio received a new supply of CCfL curriculum for three churches, including his newest work in Guamo, Colombia.

**ICP Report from Texarkana:** As mentioned in my last newsletter, if you or your church are not getting our ICP reports via mail or email from Texarkana, please let me know. My email is jsbaptist@yahoo.com.

## Financial Support for March
