AUGUST - SEPTEMBER 2025

RUSSIAN LANGUAGE PRINTING: Funds have been sent to print *Character Code for Life* Module 1 Intermediate Leaflet for 4000 Russian speaking young people. This curriculum will be distributed among Baptist churches in Belarus, beginning with the mission work of Pastor John Pinkavich in Lido, and their mission in Grodno. Our ICP translator, Pavel, will also print 200 Teacher Books and 200 Visual Aid Packs, one set for every 20 students. This is our first major printing in the Russian language since the translation of all six modules and teacher material was completed. We ask for your prayers over teachers, students and their families who will participant in this 18-week study. Brother Pinkavich, the one who proofread all the Russian translated curriculum, has expressed great joy in seeing this project reaching this point of large volume printing and distribution. Pavel has also completed the translation of *God's Character and Me*, Module 1, for teens and adults.

VISITING CHURCHES: I have enjoyed visiting several area churches to share pictures of Filipino children expressing their thanks for the backpacks they received from last year's Backpack Ministry shipment. Thanks again to all who are preparing backpacks for our April 2026 distribution.
